Terms & Conditions of Sale

Prices are effective **April 1st, 2023**.

Prices are subject to change without notice.

All orders are subject to prevailing H.S.T. or other applicable taxes.

Prices are F.O.B. Barrie. Delivery is an additional charge.

Terms are **C.O.D.** unless otherwise arranged. All C.O.D. orders must be paid in **FULL** prior to delivery.

Minimum purchase price of \$20 will be charged on all bulk aggregate, soil and mulch pick ups at Barrie yard.

On account terms are due and payable by the 25th of the following month. Invoices **will** be charged 1.5% per month (18% annually) and is calculated monthly on the opening overdue balance. The charging of the said service charge shall not relieve the Purchaser of their obligation to pay the entire balance on the account. Credit applications must be on file in order to take advantage of our credit terms; otherwise, the account will be C.O.D.

A service charge applies for each cheque that is returned by the bank, for any reason.

Net 25th - Following Month: Payment by cheque, debit card or cash must be made by the 25th of the following month.

Credit card payments: If credit card payment is preferred, the following terms will apply.

- A) Are acceptable **any time up to the 1st business day of the following month.** (i.e.: April invoices can be paid by credit card up to the 1st business day in **May**)
- B) A late charge (2.5% for Visa/ Mastercard; 3.5% for American Express) will be charged when payment is made after the 1st business day of the following month.

We are not responsible for any errors made in calculations for material based on the measurements of the Purchaser.

Restocking charges: Where the Seller agrees to accept the return of goods, these goods must be accompanied by the Bill of Sale and are subject to freight charges and **25% of their value re-stocking charge.** Returns must be made within **1 month of the invoice date.**

Items delivered on a refundable skid will be subject to a **skid deposit.** The skid deposit will be refunded when the skid is returned to our yard by the Purchaser, in an **acceptable condition, within one year of date of purchase with Bill of Sale.**

In the case of default of the Purchaser, the Seller may at any time without notice enter upon the premises where the goods are located, take possession of, and remove them.

Sales are made in accordance with the Seller's samples which the Purchaser has **seen and approved.** No guarantee of exact colour or shade is made or implied. It is recommended that when installing, you work from two or more bundles at a time in order to decrease large colour variances.

It is the responsibility of the Purchaser to inspect all materials **before installation** to ensure the correct colour and type was delivered. Use of any materials by or on behalf of the Purchaser shall be deemed to constitute acceptance of the materials by the Purchaser.

All deliveries will be left at the **curb line.** Any delivery made past the curb line is the complete responsibility of the Purchaser and at the risk of the Purchaser. Any load that must be re-delivered will be subject to an **additional fee.** The Delivery Driver has **final say** on where he/she can place material being delivered. Excessive delays incurred on a delivery will be billed to the Purchaser at a rate of \$150.00/hour.

Damaged or defective products must be reported within **24 hours** of shipment or **immediately** on pickup. They will be credited or replaced at the discretion of Carr as circumstances permit. Defective products must be inspected by us or brought to us before credit is approved. Removal and replacement costs are the sole responsibility of the Purchaser.

Our liability is limited to replacement products to the job site only. Pavers discoloured by staining from sanding, sealing, abrading, deicing, or other natural or unnatural causes as well as efflorescence, or any of this or other issues arising from installation not following ICPI guidelines are not considered defects in manufacture.

Efflorescence is a crystalline deposit, usually white, which may develop on the surface of masonry or concrete products. This is a normal occurrence and in no way does efflorescence affect the structural integrity, or the strength of the product. Efflorescence will usually wear off in the course of time as the materials are exposed to the elements. **No responsibility can be accepted by Carr for efflorescence** since any normal concrete contains calcium hydroxide which comes out as efflorescence.

No guarantee is given on exact colour or surface texture due to variations in colour pigment, effects of humidity and temperature, sizes and colour of available aggregate, and effects of efflorescence which are all beyond our control.

Double or triple stacking of product bundles at the curb is normal practice, unless otherwise indicated and possible.

Carr is not responsible for delays due to delivery times, production times, or any other factors beyond our control, and any other costs associated with said delays to the purchaser or contractor.

Only plate compactors with protective membranes can be used on interlocking paving stones.

No returns, refunds or exchanges on natural stone products.

Volume discounts are available.
